## HIBBERT FOCUSED ON GOLD MEDAL FOUR-PEAT AT WINTER X GAMES 14

Goodridge, Minn. (Jan. 27, 2010) – Monster Energy/Arctic Cat's Tucker Hibbert is focused on rewriting history by winning his ninth overall Snowmobile Snocross medal with a gold medal four-peat at ESPN Winter X Games 14. Hibbert will be one of four Winter X Games athletes vying for the coveted gold medal four-peat in Aspen, Colo. Jan. 28-31, 2010. After the Snocross final Sunday afternoon, the undisputed king of snocross will step out of his comfort zone to compete in the all-new Snowmobile Knock Out event.

Hibbert has been stomping the competition on the national snocross tour and hopes to carry his winning momentum into his 11th Winter X Games appearance. If he medals in the Snocross final, he will be competing for his tenth overall medal Sunday night in Knock Out. Based on the fan-favorite Moto Step Up event at the Summer X Games, Knock Out will be a combination of a height and distance jump from ramp to snow. Hibbert is the first to admit his lack of "freestyle skills" but that's not stopping him from competing head-to-head with five of the best freestyle athletes in the world. With his natural ability to handle a sled and top-notch set-up, he is confident he has the winning combination to capture another medal. Watch Hibbert and his Monster Energy/Arctic Cat live Sunday on ESPN and ESPN2. Snocross qualifying begins at 12:15 p.m. EST on ESPN with the final at 3:00 p.m. EST. Knock Out will be an hour-long show Sunday night 8:30-9:30 p.m. EST on ESPN2.

### Tucker Hibbert - #68 Monster Energy/Arctic Cat

"I feel ready. I've been working really hard on getting everything dialed in at the national races and am confident I'm capable of getting the four-peat in snocross. I don't know what to expect for Knock Out since it's never been done before. Everything that I've heard about it and by what I can picture in my head, I think I have a really good shot of getting a medal. It's just a big unknown right now so I guess that makes me excited and nervous at the same time. I'm ready for the new challenge and hope I can come out on-top."
